

Servo extension wire featuring 26AWG conductors in a 3-strand configuration with a length of 50cm. The cable utilizes a female servo connector on one end and a male servo connector on the opposite end, with individual wires color-coded in yellow, red, and brown. Operates within a temperature range of -20°C to 40°C and tolerates humidity levels of 20-95% RH in non-condensing conditions. Storage temperature range extends from -30°C to 50°C.

Product details	
Model	Servo Extension Wire 50cm 26AWG
SKU	6450
Mechanical specifications	
Wire gauge	26 AWG
Number of conductors	3
Connector A	Female servo connector
Connector B	Male servo connector
Lenght	50 cm
Wire color	Yellow, Red, Brown
Operating conditions	
Humidity range	20-95% RH (non-condensing)
Operating temperature	-20 - 40 °C
Storage temperature	-30 - 50 °C
Common	
Warranty	2 years
